APBS Examination Issues and Appeals Process

All candidates for certification or recertification have the right to raise complaints or concerns about the administration, construction, or content of any ABPS examination. Each candidate also has the right to appeal the results of an examination, whether written, oral, or simulation. All candidates are required to review and sign a copy of the ABPS Examination Issues and Appeals Process as part of their application. The information presented here is also available for reference at any time on the ABPS website.

Written Examinations

ABPS written examinations are administered by a third-party vendor. Candidates are provided contact information for the vendor's customer service as part of their registration paperwork. Candidates should contact the vendor directly for all issues related to the location of the testing center, scheduled test date or time, rescheduling of examinations, and the online registration process.

Before the Examination

Testing center staff should be informed of any concerns prior to the start of the testing session. Once the testing session has begun, the testing center staff cannot stop or pause the testing time for any reason. It is the responsibility of the candidate to complete the provided computer-based testing tutorial and ensure that they understand the use of the testing system prior to beginning the examination.

During the Examination

Testing center staff should be informed immediately about any disruption to the testing process including excessive noise in the testing room, inappropriate behavior by other test takers, equipment failure, urgent health or medical situations or any other disruption.

Candidates may provide feedback and make comments concerning the content of the examination by using the comment field at the bottom of each question as it is displayed on the screen. All complaints/concerns about the content of the examination must be submitted using the provided comment field. This information is securely transmitted directly to ABPS and is reviewed as part of the scoring process.

After the Examination

Candidates are required to report any issues or disruptions to the testing process to testing center staff before leaving the test site. Candidates are also encouraged to contact ABPS via phone or email so that any testing issues can be addressed in a timely manner.

Oral Examinations and Simulations

ABPS oral and simulations examinations are administered directly by ABPS staff.

Before and After the Examination

ABPS staff are available at the registration table before and after the testing sessions to address any concerns or questions. Comment forms are provided during check out process and candidates are strongly encouraged to use these forms to document all concerns about the administration and content of the examinations.

Candidates are **required** to report any issues or disruptions during the testing session to ABPS staff before leaving the test site. If a candidate is unable to report the issue before leaving the test site, they should contact ABPS staff in writing, through email or letter, as soon as possible after the testing session. Appeals or complaints related to events during examination administration that are reported more than seven (7) days after the testing session or after the release of scores will not be accepted.

During the Examination

In the event of a disruption to the testing session, including power failure, weather or medical emergencies, or excessive noise during the testing session, the examiners will instruct the candidate what actions should be taken and will be responsible for pausing or stopping the testing session if necessary.

Resolution of Candidate Complaints/Administration Issues

ABPS investigates all reported irregularities in test administration. Such investigations may include, but are not limited to, requesting detailed reports from the testing center staff, the testing vendor, and the candidate concerning the events of the administration issue.

If it is determined that a testing irregularity has occurred which negatively impacted a candidate’s ability to demonstrate his or her full competency, ABPS will grant a retest to the candidate. In the event of a retest, the original test session will not be counted as an exam attempt and the retest will be offered at no additional cost to the candidate. Retests will be scheduled as close to the original testing date as possible, to ensure that score release is not delayed.

Scoring Appeals

Official scores are released by mail no later than 60 days from the testing date. Expedited reporting options, including e-mail notification of unofficial scores, may be available for an additional fee as explained in the registration paperwork.

Candidates not passing the examination will be provided with details of their results, which may include details of their performance in each written exam domain or performance on individual oral or simulation cases. Candidates are encouraged to contact ABPS if they need assistance understanding the score information provided.

Candidates have the right to appeal their scores if they believe that a scoring error was made. All scoring appeals must be made within 30 days of the official score release date. Appeals must be in writing and must include specific details about the error in content or scoring the candidate is asking the Board of Certification to review. Appeals lacking supporting information will not be reviewed.

Appeals submitted by mail should be sent to:

**Certification
ABPS
5550 West Executive Drive, Suite 400
Tampa, Florida 33609**

Appeals may also be submitted via email and should be sent to Certification@abpsus.org.

ABPS is not responsible for lost, delayed or misdirected appeal requests and candidates submitting appeals by mail are encouraged to use a delivery confirmation service.

By signing, I am attesting that I have read, understand, and agree to be bound by the terms and deadlines stated above. I understand that failure to follow the required processes and meet the stated deadlines will result in a forfeiture of my rights to request a retest or appeal my scores.
